

Waikawa Social Club

Annual Report

15 November 2021

Membership has remained constant at around 100, as this number includes couples the number of individuals is around 160.

The current bank balance as of today is at \$2,776.17.

The arrangement we have with the Waikawa Boating Club as per the Heads of Agreement seems to be working well and has 2 years to run.

The YNZ issue means the Social Club membership is no longer under threat of having to pay the annual YNZ Affiliation fee – currently \$30.59 per person – and I see no reason to increase our membership fee for the coming year.

The Boating Club will support us if we wish to run our own events. Having our own bank account balance gives us the ability to decide where these funds may be spent. We could use it to help pay for our own events or we can treat this as fundraising and donate to other local organisations who would benefit.
